Date	Description	Amount (s)	Balance (s)
08 Aug	ATM withdrawal: Ganymede	-259,200	180,775,718
	You use a staff card from Phobos Drydock at its canteen machine, which draws on your account and is charged to the Bank as a withdrawal. Phobos Drydock asks that its sums be shown as one line a week, so the figure on this statement is the week's total. Ref. CIBT-2997-70A5-0		
13 Aug	ATM withdrawal: Ganymede	-172,800	180,602,918
	Replacing the machine at Ganymede on the 13th changed its unit: the new one counts in cycles where the old one counted in halves. Your withdrawals before and after the change have been converted at the rate of the day, and the total is unchanged. Ref. CIBT-2997-920C-1		
15 Aug	Temporal Health Plan	-22,724	180,580,194
	The referral from the Ganymede office was sent to the wrong branch of the plan and waited there for 28 days. Ganymede has been asked to read its own addresses aloud, and has replied that it does. Ref. CIBT-2997-0845-8		
23 Aug	Transfer to own account: Ganymede	-6,936,441	173,643,753
	A sundry raised at Ganymede is dated by the local hour and posted by ours, so this charge was made on the local evening and arrived on our morning. The desk regards it as one transaction, and the statement shows it as two. Ref. CIBT-2997-83D1-3		
24 Aug	Payroll credit: Phobos Drydock	+984,455	174,628,208
	The Mars office of Phobos Drydock sends its wage on the morning of the Mars day, so the figure is calculated before the work it pays for is finished. The Bank has entered it under a heading marked forecast, and the forecast has so far been right. Ref. CIBT-2997-3C7E-1		
31 Aug	Interest at 4.80% APY	+724,139	175,352,347
	Auditors' note: the interest was paid at the posted rate, and the posted rate was checked against the Rate Committee's table, which was found right and has been right since 2995. Ref. CIBT-2997-42D1-8

September 2996 August 2997

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
