Opening balance	Credits	Debits	Closing balance
148,859,805 s	**+1,579,894 s**	**-6,947,207 s**	**143,492,492 s**

Date	Description	Amount (s)	Balance (s)
01 Aug	Slippage fee (Venus, 8 transfers)	-2,400	148,857,405
	The crossing waited 28 days in the old counting room, behind the iron screen while the relay established whether its last transfer had been a crossing or a rumour. It had been a crossing, and the check has been entered as one. Ref. CIBT-3004-C8AC-4		
14 Aug	Payroll credit: Phobos Drydock	+984,455	149,841,860
	Your wages from Phobos Drydock came in as one credit, though the office had asked for two. The Teller says one sum is easier to carry, and points out that the office has been told. Ref. CIBT-3004-8ED8-8		
18 Aug	Transfer to own account: Venus	-6,929,508	142,912,352
	Last quarter's sundry was described as a withdrawal from a tea account. There is no tea account; the holder's savings were called that in a joke at the counter in 3002, and the officer has removed the word from the register, though not, she says, from the holder. Ref. CIBT-3004-71A2-8		
19 Aug	Temporal Health Plan	-15,299	142,897,053
	Your premium is paid through Phobos Drydock, which takes it from your pay before the pay reaches you. The deduction was made on the 19th and reconciled on the 19th. The company's benefits office asks us to say that it does not know what you are being treated for, and would like to keep it that way. Ref. CIBT-3004-48F2-7		
31 Aug	Interest at 4.80% APY	+595,439	143,492,492
	At Venus the local office pays interest a day early on the strength of a forecast of the rate. The forecast has been right twice, and the Bank has noted it, and has paid the interest on the day it was owed, which was the day after. Ref. CIBT-3004-9F10-3

September 3003 August 3004

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
