Period 1–31 August 3010
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
138,555,031 s	**+2,619,969 s**	**-213,164 s**	**140,961,836 s**

Date	Description	Amount (s)	Balance (s)
01 Aug	Slippage fee (Vancouver Sector, 5 transfers)	-3,000	138,552,031
	Your standing transfer of 3,000 to 8564-3638-5442 crosses the clock boundary on the 1st of every month and is charged the crossing fee each time. It has done so since 3008, and it is the largest single line on your slippage each year. Ref. CIBT-3010-2EA2-0		
03 Aug	Deposit: Hall E	+1,081,294	139,633,325
	Phobos Drydock pays this deposit in on the last working day of the month, a habit it has kept since 3008. Its payroll office has asked that the slip carry the month's name in full, and it now does. Ref. CIBT-3010-56AD-6		
06 Aug	Payroll credit: Phobos Drydock	+984,455	140,617,780
	The receiving fee on this credit from Phobos Drydock was waived. The payroll office has asked that its wages be treated as inbound family, a category the Bank has never been asked to recognise and has recognised for one month only. Ref. CIBT-3010-F5C2-6		
08 Aug	Temporal Health Plan	-37,364	140,580,416
	The entry on your last statement described a dental check as a surgical procedure. It was a dental check. The description has been corrected; the charge, which was always for a check, is unchanged. Ref. CIBT-3010-079F-6		
12 Aug	ATM withdrawal: Vancouver Sector	-86,400	140,494,016
	The posting was held 29 Standard days because a trolley had been left across the concourse in front of the relay's hatch. The trolley was moved on the 12th, and the posting followed it. Ref. CIBT-3010-23EE-5		
20 Aug	ATM withdrawal: Vancouver Sector	-86,400	140,407,616
	At Vancouver Sector the machine asks for the account number in the local form, which the Bank has translated into its own. The two forms agree on every digit and disagree about the day, and the machine settles the difference by paying out. Ref. CIBT-3010-69A2-2		
31 Aug	Interest at 4.80% APY	+554,220	140,961,836
	Rounded to the nearest second at the close of the day, this period's figure came out 28 seconds in your favour. The rounding is applied in the depositor's favour on every second day, and this was one of them. Ref. CIBT-3010-ACE8-3

September 3009 August 3010

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
