Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
119,469,562 s	**+1,462,333 s**	**-7,906,685 s**	**113,025,210 s**

Date	Description	Amount (s)	Balance (s)
10 Mar	Payroll credit: Phobos Drydock	+984,455	120,454,017
	Wages in days are rounded to the lower whole unit, and the difference is credited at the start of the next quarter. The quarter began on a Monday this year, which the Bank checked, and the credit arrived on the Monday, which the payroll office checked too. Ref. CIBT-3014-6330-4		
10 Mar	ATM withdrawal: Delhi Sector	-172,800	120,281,217
	The request at Delhi Sector was held 31 Standard days because the local office had shut its doors for a festival that began before you asked. Nothing was taken in the meantime, and the sum is the one you named on the day you named it. Ref. CIBT-3014-5D0A-4		
10 Mar	ATM withdrawal: Delhi Sector	-86,400	120,194,817
	The cash-time withdrawal at Delhi Sector was counted once by the machine and once by you, and both counts gave 86,400. The officer on the concourse asked which one he should record. You said the one that agreed with the other. Ref. CIBT-3014-850D-5		
25 Mar	Transfer to own account: Delhi Sector	-7,632,272	112,562,545
	For the auditors: the sundry of 0.30 s, raised on the 25th, was entered on the last working day of the quarter and dated to the first. The date is correct for interest and wrong for the quarter, and both facts are noted in the margin. Ref. CIBT-3014-5D77-1		
28 Mar	Temporal Health Plan	-15,213	112,547,332
	The claims clerk at Hall E has read your file twice and reports that every receipt on it is in date order and in the same hand. She would like to know whose hand that is. The file does not say, and she has written that she is content not to ask. Ref. CIBT-3014-D587-2		
31 Mar	Interest at 4.80% APY	+477,878	113,025,210
	The balance was rounded down this period and the interest rounded up, so the two figures on the statement agree to the second and disagree with nothing else. Ref. CIBT-3014-3B08-1

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
