Unit 148, Pallas Ring 10

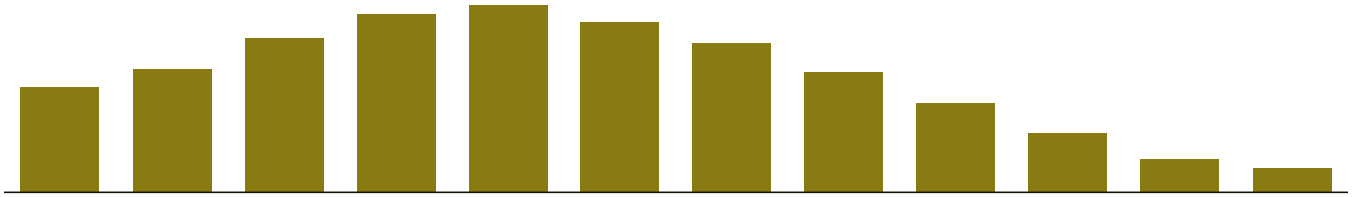

Account 8564-9804-7708
Period 1–31 August 3014
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
77,192,683 s	**+1,293,225 s**	**-4,045,528 s**	**74,440,380 s**

Date	Description	Amount (s)	Balance (s)
02 Aug	Transfer to own account: São Paulo Sector	-3,565,517	73,627,166
	The sundry slip is left on the counter with one corner turned down. The officers have come to read this as a request to hear the total before anything else is said. Ref. CIBT-3014-6689-1		
04 Aug	Temporal Health Plan	-40,811	73,586,355
	Claims are paid in whole seconds, and the fraction below one is kept by the plan for its own administration. This claim's fraction was 0.987, and that is where it has gone. The claim itself is paid in full. Ref. CIBT-3014-7AF4-2		
12 Aug	ATM withdrawal: São Paulo Sector	-172,800	73,413,555
	Your receipt from São Paulo Sector reads 172,800 and the balance reads 2 Standard days, and the Bank has been asked which of the two you intended to take. You took the second, and the first has been struck as a figure the machine was too keen to print. Ref. CIBT-3014-F059-8		
13 Aug	ATM withdrawal: São Paulo Sector	-259,200	73,154,355
	The officer checked the cash, the receipt and the balance, in that order, and reports that all three agree. She describes this as the only thing about the machine she is sure of. Ref. CIBT-3014-744F-9		
24 Aug	Payroll credit: Phobos Drydock	+984,455	74,138,810
	A regular credit from Phobos Drydock for the period ending on the 24th. It is the fourth month running at this sum. The Bank has checked the figure each time and found it right each time, and has stopped being surprised, though it has not stopped checking. Ref. CIBT-3014-F7B5-4		
28 Aug	Slippage fee (São Paulo Sector, 8 transfers)	-7,200	74,131,610
	A fee that falls on an exact half-second is charged to the holder on an even-numbered crossing of the month and not on an odd one, so the holder pays the whole second on one crossing and nothing on the next. Ref. CIBT-3014-EAC4-3		
31 Aug	Interest at 4.80% APY	+308,770	74,440,380
	The Teller points out that the interest is larger than the fee and smaller than the wait, which she considers a fair ratio. Ref. CIBT-3014-E451-3		

Closing balance, month by month

Highest 124,429,308 s · lowest 74,440,380 s

September 3013 — August 3014

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
