Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
60,523,444 s	**+6,033,322 s**	**-292,281 s**	**66,264,485 s**

Date	Description	Amount (s)	Balance (s)
03 May	Deposit: Hall E	+4,806,774	65,330,218
	Counted at the window while the Teller was reading a letter from her sister about a kettle. The count is right. The kettle is not mentioned anywhere else on the file. Ref. CIBT-3022-12BE-3		
04 May	ATM withdrawal: Montréal Sector	-86,400	65,243,818
	A withdrawal made on the 4th was not posted until 30 days later, because the machine at Montréal Sector had been serviced and its ledger carried away to be read by hand. The custodian who read it reports that the figures had been right all along; the machine had simply not been asked. Ref. CIBT-3022-8EE3-4		
07 May	Temporal Health Plan	-28,581	65,215,237
	The date on the consultation receipt was entered by Montréal Sector's local day, not yours, and has been corrected. The consultation is recorded as kept on the day it was booked. Ref. CIBT-3022-C984-1		
14 May	Payroll credit: Phobos Drydock	+984,455	66,199,692
	The wage for 30 days of a new post was held in the Montréal Sector suspense account until the post was confirmed on the 14th. The confirmation was late and the wage was not, so the wage has been credited from the first day of the post. Ref. CIBT-3022-2912-5		
26 May	ATM withdrawal: Montréal Sector	-172,800	66,026,892
	The withdrawal was held 29 days because the clerk who signs for the machine's cash was on a shuttle, and the shuttle keeps its own timetable. The cash was paid the morning she landed. Ref. CIBT-3022-666B-7		
28 May	Slippage fee (Montréal Sector, 5 transfers)	-4,500	66,022,392
	The Montréal Sector branch reckons slippage in the local days and passes the result on unrounded. The Head Office rounds it to the second. The branch has asked for the rounding to be stated on the statement, and it has been, in small type. Ref. CIBT-3022-3641-5		
31 May	Interest at 4.80% APY	+242,093	66,264,485
	Phobos Drydock pays the interest on its deposit scheme in advance, so this line was credited before the period it covers had begun. The Bank has taken the advance into account, and the balance is correct on either calendar. Ref. CIBT-3022-112F-7

June 3021 May 3022

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
