Date	Description	Amount (s)	Balance (s)
06 Dec	ATM withdrawal: Singapore Sector	-86,400	123,833,215
	A line on your last statement dated this withdrawal to the day before, because the machine's clock had been set by hand after a fault. It was made on the day shown here. The machine has been set to agree with the branch clock, which took the custodian 30 Standard days and a ladder. Ref. CIBT-3022-D206-9		
14 Dec	Deposit: Hall E	+2,864,517	126,697,732
	Kepler Ring Hydroponics put its own deposit into the same envelope as yours, and a clerk has been asked to separate them. The clerk asks that Kepler Ring Hydroponics not be told, since the clerk has no intention of being thanked for the arithmetic. Ref. CIBT-3022-3C57-5		
24 Dec	Slippage fee (Singapore Sector, 1 transfers)	-900	126,696,832
	The crossings from Kepler Ring Hydroponics were rounded to the nearest five seconds at the payroll office's request, so that its accounts would look tidy. They do. Your account is 42 seconds lighter for it. Ref. CIBT-3022-6D5E-3		
27 Dec	New Time™ exchange	+5,276	126,702,108
	The exchange was posted at Singapore Sector on the 27th, and the Head Office's copy of the posting arrived on the 27th, carried by a courier who had taken the long way round a moon. Both copies agree. The courier has asked for a note of thanks, which the office has written out by hand. Ref. CIBT-3022-D3C1-4		
30 Dec	Payroll credit: Kepler Ring Hydroponics	+863,708	127,565,816
	Net pay after deductions came to 863,708, rounded down to the whole day. The deductions are printed in full above it, so that the rounding can be checked by anyone who wishes to, and very few do. Ref. CIBT-3022-855D-9		
31 Dec	Interest at 4.90% APY	+506,005	128,071,821
	You read your interest on the postcard the Bank sends on the morning of each period, a week before the statement arrives. You say it is the only correspondence you enjoy in advance, and the postcard has been printed in larger type to suit you. Ref. CIBT-3022-0E1C-2

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
