Opening balance	Credits	Debits	Closing balance
170,521,107 s	**+6,012,710 s**	**-26,851 s**	**176,506,966 s**

Date	Description	Amount (s)	Balance (s)
04 Feb	Payroll credit: Kepler Ring Hydroponics	+863,708	171,384,815
	Your wages were delayed 29 days because Kepler Ring Hydroponics's paymaster was unwell and the deputy's signature was still on the wrong form. The deputy signed on the 4th, and the paymaster, once recovered, asked whether the delay had been noticed. It had. Ref. CIBT-3026-F40D-1		
18 Feb	Deposit: Hall E	+4,452,708	175,837,523
	The deposit was held on the 18th because the depositor asked to be present when the counter's second officer came back from her break. She came back, and the slip was posted the moment she sat down. Ref. CIBT-3026-F4E7-9		
25 Feb	Slippage fee (Luna, 2 transfers)	-1,800	175,835,723
	Your Kepler Ring Hydroponics transfers crossed the Luna relay 2 times this month, each time on the employer's clock and then on ours. The employer has agreed to pay the slippage on its own clock, and has asked that the Bank not mention this to its staff. Ref. CIBT-3026-B657-1		
25 Feb	Turbulence Cover	-25,051	175,810,672
	Auditors' query: why a premium was paid for a crossing never made. Answer: the crossing was booked, the carrier was asked, and the carrier said the lake had been too rough to make it. Ref. CIBT-3026-7319-5		
28 Feb	Interest at 4.90% APY	+696,294	176,506,966
	You have asked for the interest to be checked by hand on the first of each period, against a card you keep in your own hand. The Bank does so, and the result has never differed from the machine's. The officer now writes the figure in the margin before being asked. Ref. CIBT-3026-D3EB-7

March 3025 February 3026

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
