Opening balance	Credits	Debits	Closing balance
149,723,359 s	**+1,475,078 s**	**-3,112,191 s**	**148,086,246 s**

Date	Description	Amount (s)	Balance (s)
05 Sep	ATM withdrawal: Vancouver Sector	-86,400	149,636,959
	The Vancouver Sector machine pays in days and reports in seconds. Your withdrawal of 86,400 was entered 28 days after it was made, when the local day had caught up with ours, and the sum did not change in the meantime, which the Bank regards as the machine's chief virtue. Ref. CIBT-3029-7A09-1		
12 Sep	Payroll credit: Kepler Ring Hydroponics	+863,708	150,500,667
	Kepler Ring Hydroponics has moved its pay office to a station where the shifts run longer than ours. The wage now arrives in two halves on two different days, which the firm's staff have agreed to call one payment. Ref. CIBT-3029-39F8-0		
19 Sep	Slippage fee (Vancouver Sector, 1 transfers)	-900	150,499,767
	Internal audit notes that slippage on this line was charged at the Standard rate for 1 crossings, and at the Vancouver Sector rate for none. No crossing has ever been made at the Vancouver Sector rate, and the audit recommends that it be kept in case. Ref. CIBT-3029-3E65-3		
20 Sep	Transfer to own account: Vancouver Sector	-2,852,091	147,647,676
	You receive every sundry credit at the counter, not by relay, and count the coins yourself before you sign. The officers no longer recount them. They have never found an error, and they would like you to know that they checked. Ref. CIBT-3029-F31D-4		
24 Sep	ATM withdrawal: Vancouver Sector	-172,800	147,474,876
	You have never drawn the same sum twice from the machine at Vancouver Sector, though you draw from it every month. The officers have a theory about this and have agreed not to test it. Ref. CIBT-3029-9ACF-5		
30 Sep	Interest at 4.90% APY	+611,370	148,086,246
	Interest for 31 days was held because the courier carrying the rate sheet to Vancouver Sector was delayed on the road by a strike. The interest was paid in full, at the same rate, when the sheet arrived. Ref. CIBT-3029-48FD-2

October 3028 September 3029

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
