Standard Time Deposit

Fenna Eskeland
Unit 206, Pallas Ring 10

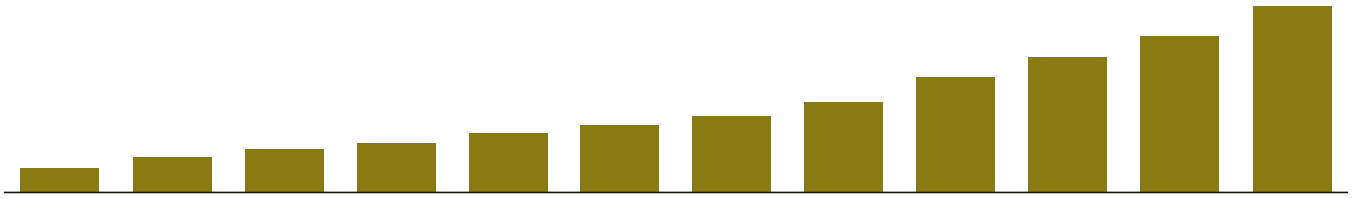

Account 8564-9949-5708
Period 1–31 May 3012
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
12,833,230 s	**+2,641,228 s**	**-22,005 s**	**15,452,453 s**

Date	Description	Amount (s)	Balance (s)
04 May	Slippage fee (New Orleans Sector, 9 transfers)	-5,400	12,827,830
	Two crossings on the same day were treated as one, because they went through the same relay, and the fee was rounded to a single whole second. The rounding is the Bank's; the seconds it saved are yours. Ref. CIBT-3012-BC21-0		
10 May	Turbulence Cover	-16,605	12,811,225
	Turbulence claim, delay of 19 minutes on the New Orleans Sector crossing, paid in full. The carrier's log puts the delay at the start of the crossing and the branch's log at the end; the Bank has paid the mean of the two, and no one has disputed it. Ref. CIBT-3012-0D3B-1		
24 May	Deposit: Hall E	+2,404,383	15,215,608
	Your deposit was made in 13 coins of the largest denomination, which the depositor asked to have counted onto the counter one at a time. The total came out 0.987 short, and the shortfall has been credited as a further deposit at the depositor's request. Ref. CIBT-3012-1476-8		
26 May	Payroll credit: Brymar College	+201,554	15,417,162
	A dust front kept the Brymar College remittance at New Orleans Sector for 29 days, and it crossed once the air had cleared. The wage is credited for the day it was earned, not the day it arrived, and the dust has been billed nothing. Ref. CIBT-3012-F9C9-9		
31 May	Interest at 3.30% APY	+35,291	15,452,453
	Interest is reckoned in Standard days wherever an account is kept, so the figure on this statement is 3.30% of a year counted by the Head Office clock. The Bank has converted it at the posted rate and does not intend to discuss it further. Ref. CIBT-3012-395E-8		

Closing balance, month by month

June 3011 May 3012

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
